

## Nouvelles GeoNB News

### Changes to GeoNB Map Services

2021-09-29

To improve the performance of GeoNB map servers and streamline the services offered, GeoNB is making some changes. These changes will result in the retirement of 28 redundant map services. Please see the list of retired map services below.

Most of these map services are receiving very little traffic. Please contact the [GeoNB Team](#) if you have any questions or concerns.

Pages for retired map services will provide interim directions to new map services to assist users with migration to the updated service.

The redundant map services will officially retire on Dec 31, 2021.

### Changements touchant les Services de cartographie GeoNB

2021-09-29

Dans le but d'améliorer la performance de ses serveurs et de simplifier son offre de services, GeoNB compte apporter quelques changements. Il y aura donc retrait de 28 services cartographiques redondants, qui sont énumérés ci-dessous. La plupart de ces services cartographiques sont très peu consultés. Pour toute question ou préoccupation, prière de communiquer avec l'[équipe de GeoNB](#).

Les pages des services cartographiques retirés orienteront provisoirement les utilisateurs vers les nouveaux services cartographiques afin de les aider à migrer vers les services à jour.

Les services cartographiques redondants seront retirés officiellement le 31 décembre 2021.
